Professional Experience/Projects

Shelf-Contained

Created a location to store your list of books and movies online so you always know what you have and what you still need to watch or read in that collection as well. Implemented full CRUD Java Project including Login and Reg functionality

Hosts and Rentals

Setup a website for Landlords and short-term hosts to post their places up for rent. Includes minimum lease terms by landlord as well as their proximity to the properties they are renting in addition to the basics. Implemented full CRUD functionality in Python language.

Professional Selling Project – SpriggStreet.com

Fall 2010

Evaluated company website and marketing strategies to increase bounce-back rates
Redesigned website layout and provided strategic pricing suggestions

IMC: Advertising Campaign – Big River Broadband

Fall 2010

Utilized teamwork and time management skills in order to create an effective marketing plan
Researched target company and clientele creating a custom-tailored, unifying message
